OPPORTUNITY TO JOIN A THRIVING PRACTICE

ROLE

Our practice in Charlottesville, VA, is growing. We are seeking a licensed healthcare professional to offer neurofeedback and biofeedback sessions in person and virtually monitoring neurofeedback home trainers within our established practice. A skilled provider may offer psychotherapy sessions if desired. The ideal candidate is self-motivated and eager to learn about building a business while providing excellent patient care. BCIA-approved mentoring towards board certification in Neurofeedback would be included in the role.

HIGHLIGHTS

- ➔ Existing client base with physical equipment & tools needed for neurotherapy/ biofeedback sessions (in-person and virtual)
- ➔ Comprehensive business foundation with existing operational and marketing systems + office space
- ➔ Mentorship from leaders with over 20+ years of experience in mental health, neurofeedback + biofeedback
